Services for HEALTHCARE INDUSTRY

Staying ahead in an ever-changing industry.

EXPERIENCE
We’ve served national proprietary hospital chains, urban health systems, governmental and not-for-profit hospitals, and smaller specialty hospitals across the United States.

KNOWLEDGE
Our team members hold healthcare financial certifications, publish and teach classes on healthcare topics and are active members of professional healthcare associations.

PASSION
Our commitment to high-quality, personal service and proactive advice sets us apart. In fact, KraftCPAs was named one of The 10 Most Dependable™ Accounting Firms in the Southeast.

KraftCPAs PLLC
Kraft Healthcare Consulting LLC
Having served medical practices of all sizes in various fields, we are intimately familiar with their operational intricacies and the challenges they face. However, in the ever-changing healthcare industry, we know there is no one-size-fits-all approach to taking care of our clients. We develop an individualized service plan that meets each client’s needs and budget. In fact, we have assisted practices grow from start-ups through stages of rapid growth and through ownership transition, including the sale of a physician practice to a public company.

www.krafthealthcare.com
Founded in 1958, KraftCPAs is one of Tennessee’s largest independent CPA and consulting firms. The firm has 16 members and a total staff of more than 190 men and women. Headquartered in Nashville, KraftCPAs also has seven affiliated companies that offer a wide range of healthcare compliance and consulting services to the healthcare industry.

While having resources similar to an international firm, we pride ourselves on our “local firm” client service style. Although KraftCPAs has grown substantially over the past 57 years, we haven’t outgrown personal service.

It is our commitment to personal service that sets KraftCPAs apart. KraftCPAs was named one of The 10 Most Dependable™ Accounting Firms in the Southeast, a list published in FORTUNE magazine and based on research by Goldline Research.

As a commitment to the industry we serve, we are members of the National CPA Health Care Advisors Association (HCAA), a nationwide network of CPA firms devoted to serving the healthcare industry. Membership in HCAA gives us access to educational programs and other support, which helps us stay informed of industry trends so we can better serve our clients.
